

**Tate**

Tate Liverpool is one of the largest galleries of modern art in the UK outside of London and welcomes an average of over 600,000 visitors each year. Our Development team leads and manages all fund-raising activities for Tate Liverpool, devising and implementing strategies for generating public and private sector support of c £500,000 each year. We work closely with the Tate Development Office in London on a variety of strategic plans and fundraising initiatives and have been responsible for raising significant project funds from ERDF, ACE, MerseyCare and a variety of charitable foundations.

You will work with the Head of Development, the Development team and colleagues in the London Development team to support the delivery of our fundraising strategy. You'll be involved in every stage of the process from initial research and making applications through to contractual issues, ensuring a smooth flow of information gallery-wide and acting as the main point of contact for enquiries. This is a very rewarding opportunity to help us in bringing art to wider and ever-growing audiences.

With experience in both a public and private sector fundraising environment, you'll enjoy the research process as much as you relish the opportunity to use your communication skills. Above all, you have an interest in and commitment to the work of Tate and are excited by the prospect of joining us.
