

Preventive Conservator

Tate

We are seeking an experienced Preventive Conservator to provide preventive conservation support and expertise for Tate Britain specifically in the newly re-opened galleries opening May 2013 and the works of art in Tate's collection & care. Areas of work will include; Environmental Monitoring, Data collation and Analysis, Integrated Pest Management, Risk Analysis. This fixed-term position is for 4 months based in our Conservation Science Section.

You will hold a recognised qualification in Preventive Conservation with demonstrable practical experience. It is essential to have analytical & problem-solving skills, organisational, time-management & planning skills, and to be effective communicator. You will need to be able to work independently and provide specialist advice. Good end-use IT skills will also be necessary.

This position is offered on a fixed-term contract for 4 months.

Our jobs are like our galleries, open to all

Location:	London
Category:	Conservation
Duration:	
Type of Contract:	Temporary
